

# David Jaggi

Research Associate

---

David Jaggi is currently a Research Associate at ZHAW School of Management and Law and a PhD candidate at the University of Zurich. Prior to his current roles, he served as a Data Scientist within the Trade and Behavioral Analytics Team at Credit Suisse. David earned a Master of Science in Investments and Finance from Queen Mary University of London, complemented by a Bachelor of Science in Engineering and Management from ZHAW. His research primarily focuses on the intersection of Artificial Intelligence and Machine Learning, particularly their applications in the financial sector.
