

Mark Burridge

CEO and Fund Manager

Mark has over 30 years' experience in the international metals and mining industry, including technical, financial and executive roles. Mark spent his early career as a geologist and geological engineer, predominantly with Barrick Gold Corporation.

Mark then spent five years at Merrill Lynch covering the Metals and Mining Equities, where he became a ranked Analyst. Following this Mark helped launch Hatch Corporate Finance, a corporate finance boutique. Subsequent to this, he held Executive, Advisory and Board roles at mining companies before joining Baker Steel in 2017.

Mark holds a degree in Mining Geology from Imperial College London and is a CFA Charterholder.
