

Felix Gasser

FORT Investment Switzerland

Felix Gasser looks back at a 30 years career in the Alternative investment space with a focus on the development and evaluation of quantitative investment strategies. In 2014, he founded FORT Investment Switzerland and is today heading the distribution of the liquid alternative Hedge Fund FORT Global Funds in Switzerland. Previously Felix was for ten years Head of CTA FoHF portfolios and due diligence at Man Group & RMF Switzerland, heading manager selection for the USD 2 bn CTA FoHF portfolios. Felix started his career as a cocoa and sugar trader and was Head of the futures desk at AHL, the pioneer CTA firm during the early 1990's. At Credit Suisse Private Banking he was for four years quantitative Hedge Fund- and Market- Analyst. Felix Gasser has studied economics at the University of Zurich.
