

Schwitter Stefan

Head Asset Management at CryptoFinance

Stefan Schwitter is responsible for the Asset Management division of Crypto Finance Group. He has extensive experience in senior and executive roles in banking and investment management.

Stefan joins from SEBA Bank, where he ran the Investment Solutions department. Prior to that, he led the Global Investments & Product Division at VP Bank Group, the Investment Services Europe Division for LGT Bank, and the Global Active Advisory Services for EFG Bank. Stefan started his career as a derivatives trader at UBS, before working as a structured products trader at Credit Suisse.

Stefan holds an MBA in Finance from the University of San Diego and Master's degrees in Management (New York University) and in Innovation Management (HEC Paris). He is a CAIA charter holder and a graduate of the Senior Executive Programme at the London Business School.
